

Personal, Social and Emotional Development

Making relationships

Children play co-operatively, taking turns with others. They take account of one another's ideas about how to organise their activity. They show sensitivity to others' needs and feelings, and form positive relationships with adults and other children.

Self-confidence and self-awareness

Children are confident to try new activities, and say why they like some activities more than others. They are confident to speak in a familiar group, will talk about their ideas, and will choose the resources they need for their chosen activities. They say when they do or don't need help.

Managing feelings and behaviour

Children talk about how they and others show feelings, talk about their own and others' behaviour, and its consequences, and know that some behaviour is unacceptable. They work as part of a group or class, and understand and follow the rules. They adjust their behaviour to different situations, and take changes of routine in their stride.

Understanding the World

The World

Children know about similarities and differences in relation to places, objects, materials and living things. They talk about the features of their own immediate environment and how environments might vary from one another. They make observations of animals and plants and explain why some things occur, and talk about changes.

People and Communities

Children talk about past and present events in their own lives and in the lives of family members. They know that other children don't always enjoy the same things, and are sensitive to this. They know about similarities and differences between themselves and others, and among families, communities and traditions.

Technology

Children recognise that a range of technology is used in places such as homes and schools. They select and use technology for particular purposes.

EYFS: Reception Curriculum Overview

In Reception, children aim to meet their Early Learning Goals in seven areas of learning.

Literacy

Reading

Children read and understand simple sentences. They use phonic knowledge to decode regular words and read them aloud accurately. They also read some common irregular words. They demonstrate understanding when talking with others about what they have read.

Writing

Children use their phonic knowledge to write words in ways which match their spoken sounds. They also write some irregular common words. They write simple sentences which can be read by themselves and others. Some words are spelt correctly and others are phonetically plausible.

The books we cover across the year are:

Autumn One

- So Much by Trish Cooke
- The Three Little Pigs
- The Little Red Hen

Autumn Two

- The Gruffalo by Julia Donaldson
- We're Going on a Bear Hunt by Michael Rosen
- We're Going on a Lion Hunt by David Axtell
- Stick Man by Julia Donaldson

Spring One

- I Love You, Blue Kangaroo by Emma Chichester Clark
- Where's My Teddy? By Jez Alborough
- Bumpus Jumpus Dinosaurumpus by Tony Mitton

Spring Two

- Oi! Get Off Our Train by John Burningham
- Whatever Next! By Jill Murphy
- Naughty Bus by Jan Oke

Summer One

- Jim and the Beanstalk, Raymond Briggs
- The Tiny Seed by Eric Carle
- The Enormous Turnip
- Caterpillar and Bean, by Sheridan Cain

Summer Two

- The Rainbow Fish by Marcus Pfister
- Tiddler by Julia Donaldson
- Come Away From the Water, Shirley by John Burningham

Mathematics

Numbers

Children count reliably with numbers from one to 20, place them in order and say which number is one more or one less than a given number. Using quantities and objects, they add and subtract two single-digit numbers and count on or back to find the answer. They solve problems, including doubling, halving and sharing.

Shape, Space and Measures

Children use everyday language to talk about size, weight, capacity, position, distance, time and money to compare quantities and objects and to solve problems. They recognise, create and describe patterns. They explore characteristics of everyday objects and shapes and use mathematical language to describe them.

Physical Development

Moving and Handling

Children show good control and co-ordination in large and small movements. They move confidently in a range of ways, safely negotiating space. They handle equipment and tools effectively, including pencils for writing.

Health and Self-Care

Children know the importance for good health of physical exercise, and a healthy diet, and talk about ways to keep healthy and safe. They manage their own basic hygiene and personal needs successfully, including dressing and going to the toilet independently.

Communication and Language

Listening and attention

Children listen attentively in a range of situations. They listen to stories, accurately anticipating key events and respond to what they hear with relevant comments, questions or actions. They give their attention to what others say and respond appropriately, while engaged in another activity.

Understanding

Children follow instructions involving several ideas or actions. They answer 'how' and 'why' questions about their experiences and in response to stories or events.

Speaking

Children express themselves effectively, showing awareness of listeners' needs. They use past, present and future forms accurately when talking about events that have happened or are to happen in the future. They develop their own narratives and explanations by connecting ideas or events.

Expressive Arts and Design

Exploring and Using Media and Materials

Children sing songs, make music and dance, and experiment with ways of changing them. They safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function.

Being Imaginative

Children use what they have learnt about media and materials in original ways, thinking about uses and purposes. They represent their own ideas, thoughts and feelings through design and technology, art, music, dance, role play and stories.
